ROAD TO

MASTERY

ONLINE SCRUM TRAINING

Road To Mastery

GET SERIOUS!

Our program is a mix of online group and individual coaching, peer-review, field practice and assessment.

It is a continuous interactive training.

We learn from each other.

You will join and grow a network of other Serious Scrum Masters who will continue to support each other in the field.

A TSUNAMI OF SENSE

3 # Road To Mastery

IS THIS TRAINING VALUABLE TO ME?

- This is **NOT** the ordinary 2-day theoretical classroom Scrum Training.
- This training is **NOT** just to test your knowledge of Scrum, but its *practice*. If that is your aim, whether you are certified or not, join us!
- Your work environment matters! We help you apply learnings to your environment.
- With other practitioners, guided by a facilitator, you journey together to improve your Scrum practice.
- You do not need to visit a training location. You can attend the sessions from home and office.
- It is a continuous incremental training. You can decide each week if the next training will be of value to you.
